

Fantasy Island

The tiny Mexican island of Isla Mujeres could be the scene for your ultimate lesbian fantasy.

AN ISLAND OF WOMEN. Off the beautiful Mexican coast and in the turquoise Caribbean Sea. A resort exclusive to lesbians. Couples if you're a couple. Single if you're single. Too good to be true? Welcome to another Sweet vacation.

Premium eco-travel brand Sweet offers an off-the-chart relaxing, exciting, all-inclusive week on Isla Mujeres ("Island of Women" in Spanish). This slim island off the coast of Cancun was once a sanctuary for Ixchel, the Mayan goddess of childbirth and medicine. In fact, when the Spanish arrived in the 16th century they named it "Isla Mujeres" because of the many cult images of goddesses here.

And what a location to channel your inner goddess of parties, spas and good girlie times. The resort enjoys eye-popping views, spacious and stylishly appointed rooms, quality decor and a double Jacuzzi. Bottomless libations come courtesy of your personal liquor dispenser and communication is on tap with wireless access and long-distance phone calls at no additional cost.

Feel at home as you stroll the tranquil beaches, pristine marine parks famous for wildlife such as endangered sea turtles, and explore the cliffs and coral reefs of this historic limestone island. Pamper yourself with a

massage or spa treatment, play a game of golf, take an island tour. All these are discounted for your benefit.

If all this, plus swimming and beachcombing, make you hungry, indulge in all-you-can-eat-and-drink, 24 hours a day. After dark, dance it all off with Sweet's signature entertainment lineup: from fire dancers to theme parties to

smoking hot DJs and the finest and funniest lesbian performers on the circuit.

And it gets even better. It doesn't matter what your dating status, back-to-back weeks are offered to couples and singles.

Couples: it's a honeymoon every day. Forget trying to blend in with heterosexual newlyweds and families. This gorgeous resort is yours.

"We have romantic dinners, commitment ceremonies, games, comedy, music, dancing, fabulous excursions like scuba diving and much more," says Shannon Wentworth, Sweet CEO, pictured above.

Singles: this is a spectacular opportunity to mix and mingle in a tropical paradise — forget your local bar. You may meet Ms. Right watching the sunset or sipping a pina colada poolside. And for the shy Sweeties: activities are planned to make things easy. Speed dating and singles mixers, icebreakers, the opportunity to network, make friends and find romance. There will even be a matchmaker onsite to

ensure plenty of social lubrication. Get ready for some Sweet talk!

"Singles are often afraid to commit (probably why they're still single)," says Shannon. "Most people don't plan to be single well in advance. That's why we put these trips back to back. If you meet someone, we'll move you to our couples week. If you break up with someone, you can move to singles."

Talk about lesbian travel insurance.

And those eco-conscious Sweeties who want to make the world a better place, even while on vacation, have not been forgotten.

"Even paradise needs a little lesbian power," admits Wentworth. "We're still looking for projects, likely to be beach clean ups and wildlife habitat projects."

Don't wait too long to book. Space in Isla Mujeres is extremely limited and there are only a handful of ocean view rooms in the resort.

"Both weeks are going to sell out," advises Wentworth. "Plus, we always find ways to surprise and reward our earliest booking guests, for example with free upgrades and exclusive dinners."

Finally, the earlier you book, the longer you have to use Sweet's no interest, no fees monthly payment plan. Sounds Sweet enough to us.
